

In case of fire

Rescue

those who are hurt or
in danger first.
Move to a safe location.

Report

the fire to the Emergency Response
Centre by dialling 112 from a safe location.

Extinguish

the fire or limit its spread
by closing doors.

Guide

the fire brigade to the scene.

Remember!

- You only have a couple of minutes to save yourself.
- Purchase a fire alarm that reacts to smoke before it invades your entire home.
- The fire alarm provides you with the time to make a safe exit.
- Make sure that the fire alarm is always equipped with a function battery.
- Remember that the fire alarm does not alert the fire brigade.
